

SWAT REPORT # 156

04/08/2011

Mar 16:15 And he said unto them, Go ye into all the world, and preach the gospel to every creature.

The verse above encompasses a vast area of ministry and serves to motivate us for a lifetime in all areas of the world. I made a preaching trip this month with two fellow missionaries to **SLOVENIA**. The average American would take 20 minutes to point to this country on a world map. And judging by the fact that there is only one missionary that would meet OUR standards in the entire country, very few servants of the Lord must not even think to consider this country as a mission field. It would be quite a high spiritual consideration for a young man to give himself to a life ministry in one of these **MANY** obscure countries of the world rather than starting another Baptist church in Greenville, SC.

In photos one, two and three are Romanian missionaries Pete Heisey, Brent Logan and myself preaching in English to a nation of nearly 70% English speakers and yet geographically classified as “Eastern Europe”. Look close behind the head of Bro. Logan at the two monks outside their “monkery” listening to him preach.

In photo # 156.04 I captured the one-on-one witnessing which we all delighted in doing many times in English. Two young people were won to the Lord during this nine-day trip. The three of us passed out **6,500** Slovenian Chick tracts and left the missionary with **3,500** printed with his ministry info.
