

SLOVENIA

Photo # 156.05 is a magnificent sight but also represents the sad mindset of many ministries today. Here is a beautiful church which completely occupies a tiny island. WHY??? This is a nice tourist attraction but a worthless ministry. Many a ministry today have holed themselves up on a little island...beautiful but worthless.

Have you ever heard of "Olive soup"? Bro. Logan enjoys a bread-bowl full in photo # 156.06. I tasted it and it was very excellent.

We also ministered in Venice, Italy while in that part of the world. Venice is a place full of vanity, worldliness and materialism but a great place to get the gospel to "the world". It seemed like the whole world was visiting Venice to enjoy the gross vanity but we ministered spiritual things to them. I could not bring my accordion due to airplane complications but we found two Gypsies on the GRAND CANAL who were selling their talents and Bro. Logan bribed one for the use of his accordion. We three sang Victory in Jesus and I preached to the world on the GRAND CANAL. See photo #156.07. Notice in photo #156.08 the typical picture of a gondola operator in full regalia sitting on a canal while a gondola passes below.

Attached are flyers for the Beale St. Blast...better hurry...along with a banner for my latest book entitled Parallel Conquerors. The ink is not dry on this book typing General Douglas MacArthur and his courage, strategies, victories and character to the life of our Lord Jesus Christ. If you like typology you will like reading this. Just order online.

Preaching the gospel to the whole world...if I have time.
