

THE RETURN TO PHILIPPINES

SWAT REPORT # 151 01-12-2011

And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also. - John 14:3

As MacArthur did and as our Lord surely will, the Suteks returned to the Philippines after 16 years.

A couple of months ago I wrote a SWAT REPORT telling "What exactly happened in the Philippines 16 years ago." In that report I tell of the many men the Lord allowed me to train in the ministry, especially the public ministry and what a blessing it was. We were all younger then but many of them have remained faithful to that ministry and have preached the glorious gospel of our Lord Jesus in the PI from top to bottom.

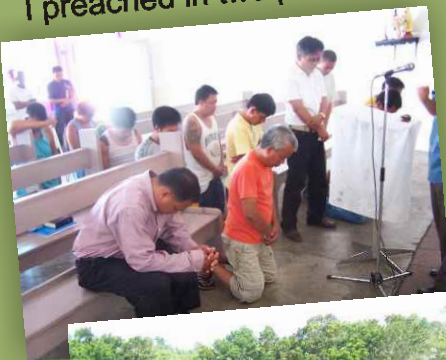

This photo shows some of these faithful ministers now 16 years later. Several more are in the south and could not gather with these. What did we do at this reunion??? One hundred of us marched through the throng of Christmas Eve shoppers in Baguio City and preached.

I pray the brethren in the PI will forgive me if I leave out their names and/or photos...we did so much during this trip it would be very difficult to include everyone and everything. I have 5 gigs of photos. I preached 35 times in 34 days plus 20 street meetings on 4 islands in 7 cities and a few other villages. This was the most complicated trip the SWAT TEAM has ever made...but it was the most perfect trip as well. I preached in 9 churches, many that had Christian schools. This one belongs to Mandy Calinisan, a long time friend and fellow minister.

I preached in two prisons,

I preached to 345 army soldiers, and to 50 policemen and women in their station at the start of their day...

and I preached on the radio 6 times. I gave balloons to many Filipino kids on the streets who were ecstatic to receive them.
