SWAT REPORT # 183 03/03/2012

TO THE GOVERNOR

Mat 10:18 And ye shall be brought before governors and kings for my sake…

Pardon my wresting this partial verse from its context but it came to my mind when the opportunity came to minister to the governor of Bukidnon province and about 1,100 of his staff in a huge amphitheater in Malaybalay city. What an unbelievable harvest field the good Lord has allowed me to serve Him in. The place was so large and shadowed on the inside that it was difficult to get a decent photo but this one shows a bunch of people and I am in the far distance at the pulpit. In the land of the free and the home of the brave you would not get this opportunity this side of the millennium. I preached for about 25 minutes with evident interest on the part of the hearers.

ON THE STREETS

While visiting and ministering with five star missionary Travis Lewis in Cebu I was privileged to teach publick ministry to his Bible Institute and take about 15-20 of them on their first street meeting. The photo shows me preaching through a PA system on a pedestrian island in the one of the busiest intersections of downtown Cebu City and the next photo is a small part of the crowd we preach to. Actually, this crowd, or one just like it is coming from 5 different directions. At any given time there are several hundred pedestrians who can hear the preaching.

When I first began publickly preaching back in the late 60's in Jacksonville and Pensacola, Fl…there was no AC and all the people were outside going to and fro. I could preach from the street to the shoppers in the second story of Penny's department store and see the breeze blowing the curtains in and out. Now, if I drive through the same streets they are deserted because all the people are in the air conditioned buildings shopping and doing business. What a difference just one generation makes.

MARY IS BACK……HOORAH AND PRAISE THE LORD

Yes, the alumnus of BBTI and the veteran of a missions trip to the Amazon is back home serving the good Lord with her mom and dad. See if you can spot her in this class graduation photo from BBTI. Hint…she is the pretty one. Mary is resting and gaining wisdom as to what the good Lord would have her to do next. She has a burden for young Muslim girls so we will see how this works out. Just yesterday she joined us on a street meeting where many hundreds of tracts were received by many Muslim people.
