

MINISTRY FULFILLED

SWAT REPORT # 164

Act 12:25 And Barnabas and Saul returned from Jerusalem, when they had fulfilled their ministry, and took with them John, whose surname was Mark.

MINISTRY FULFILLED MISSION ACCOMPLISHED ON TO THE NEXT ASSIGNMENT

The seven-week, crash course of the Eastern European Institute of the Bible is finished. We graduated 21 and we pray for 21 successful ministries to be representative of our fruit for this effort. This is what the crash-course did to me...this was taken on graduation day ceremonies while the young bucks and does played volley ball. Really had a great Bible Institute and feel certain we are sending these young folk home with some teeth in the Word of God and fortified for their ministries in these last days, hours, maybe minutes.

MOVING ON

We leave Monday morning early for the states for four months of presenting the new work in the Philippines. Mary begins college with BBTI in Bowie, TX. Every single detail of this very complicated move has worked out perfectly so far. We are having a time of bitter-sweet here right now. We are so very eager to begin again in a new work in a new field but so very movingly sad to leave our wonderful friends and our miraculous partnership here in Romania. The Logans have been our faithful partners for very nearly seven years now without a cross word or deed experienced between any of us. For Independent Baptists this ought to go on record with Guinness Book of records. Please pray for the work to continue here without missing a beat and for the Logans as they serve right on without us and without Benjamin, their oldest son who returns with us to USA to begin his college.

PRAYER REQUESTS

Many of our faithful friends have asked what they can pray for concerning our ministry and family. Here are a few that are quite important. First, pray for a spot of land in PI where we can ship our container and have it sit there. It would be great to have it on the same location where we live but we don't know where that is right now. I cannot ship the container until I have a place to put it. Next, pray for all of our travels and presentations in the next four months. Pray the safety and blessing of the Lord so this time will be most profitable. Last, pray that we can quickly become established in PI so that we can begin training young men for the ministry. A pastor asked me on the phone last week if I were going to start a church in PI. I said "No, I want to start a hundred churches through the men I train". Pray for this.

Preaching the gospel wherever we go.
Gerald Sutek and the SWAT TEAM for Christ.
