

MOVED BY THE MULTITUDES

As you can see by the top and bottom panorama photo our 14 person army were completely surrounded by the world, flesh and devil. On the bottom panorama our group is closest to the bottom of the photo (see the two white heads, me and Robin). Unbelievably, in the midst of all this we had total liberty without ONE objection from the thousands of Catholics and Muslims nor from the hundreds of policemen. The event called Friday night market occurs every Friday and Saturday PM. We lost track of the number of tracts; all men preached (5) and others did personal work. In one of the photos is a lady in red T-shirt on left witnessing and a young man student on the other end witnessing. Several were saved and the gospel had a complete open door this night. In one photo there is a man in a slight clearing surrounded by partiers...this is James (Mary's older brother and my partner) and in the lower left corner you will see Robin ready with tracts. In center are two students witnessing. What a time of open public ministry. If you want liberty in public ministry the Philippines is the place for you.

NEW BUNK HOUSE AND LIBRARY

It may not look like much to you but considering that 8 months ago we had NOTHING...we think pretty highly of these new quarters. Solid cement block with tile, AC, and proper lighting, our library and computer room is a GIGANTIC blessing. The men have nice quarters with bunk beds, kitchen and bath recreation and study facilities and they are very happy. Thanks to ALL who gave for all of this.

POST GRAD PASTORS

We actually are operating two Bible Institutes concurrently. We have class four nights per week, four hours per night for our 10 full time students and then we have 12 pastors coming every Tuesday AM for 3 hours of Bible Studies. All these men are grads from other Bible Colleges and have a diploma on their wall. They all have families and pastor churches. Three of them came to me last Tuesday and with sincere faces told me that I was an answer to their prayer...they said they had been taught wrong in their college and had prayed for someone who believed the Bible to come and teach them. All this in 8 months on a brand new field...we have struck a vein of pure gold.

FUNERAL OF A GOOD FRIEND

I fly in a few hours to attend the funeral of Manny Serrano. He was a great servant of the Lord. He was used by the Lord in a most unusual way to speak to my heart in Dec. 2010 to come to Philippines and begin a Bible Institute. We arrived in Cagayan De Oro in August 2013 and my ministry pictured above is the fruit of that decision. I pray I can influence many like this for the Lord.

Preaching the gospel around the world - Gerald Sutek (850-208-3773...we are 12 hours AHEAD of EST)
